

I'm a graphic design student in search of work experience.

I really hope that I could get that experience by helping your team and also your company. Please help me make my dream come true.

You can see my best work behind this page.

Learning Experience

Vector

Isometry

The concept that I use to make this city is a building that have a letter form.

Banner

This banner is used as a commercial banner for sewing industry named "Rumah Jahit".

Infographic

This infographic is about the 5 must see places in London.

Packaging

Re-Package

This packaging is re package from Kopi Kapal Api Grande White Coffee. This is made as Gift Packaging Promotion.

Layout & Cover

Biography Book

This book is an individual assignment from my lecture. The task isn't only to layout and make the cover but also include with writing the content by ourselves.

Children Book

I'm doing this book as a team in my class. And my task is to make the cover, illustration for the background and also finishing the final layout.

Wedding Album

This is the first layout that I'm doing for commercial.

Magazine

PINit magazine is the magazine that I made as a college assignment. As a Graphic design magazine the main issue that I brought for this edition is Design in Games.

Poster

Social & Commercial

These poster is made as campus assignment.

Apparel Logo

This is one of the tasks that I do in groups. Actually this is an assignment from my lecture but with real clients from Bandung (Freeflow Apparel).

Others

Manual Drawing

There's so many tools to draw something, but the one that always be my favourite is pencil and ink. I made the dog and the old man with pencil and the girl with ink

Digital Illustration

The thing that I love the most when I make illustration is that I can make everything in my mind become alive. The left one is Illustration that I made for a graduation gift, the one in center is an England Footballer (Jack Wilshere), and the right one is a lyrical illustrations of Jason Mraz song (Freedom Song).
